Facts About Directory Advertising

It Is the Only Advertising that is not "hit or miss" from the fact that it can always be found when wanted.

It Is the Only Advertising medium that has no competition and is used by practically the whole community and is not used for kindling purposes a short time after issued—nor is it read once and thrown away.

It Is the Only Advertising which is on the job 365 days in a year and, in many establishments, 24 hours a day.

It Is the Only Advertising medium where you can advertise your goods with absolute certainty that the public can find this information when desired.

It Is the Only Advertising medium where you would look and expect to find what you want when you want it.

It Is the Only Advertising medium that represents every business house in the City, and to omit your sign therefrom is like neglecting to place your sign in front of your place of business.

There Is No Advertising to Compare With It—Cost and Service Considered
